Future Dates

Rotary News

Dining Arrangements

If you are bringing guests to lunch or dinner, please note this on the
attendance list and you will be charged via your dining account. Do not

pay cash. Please note that you will be charged if you haven't sent in your apologies. Click on the link on the email that will be sent out automatically to apologise. **All bookings should be made via the website.**

Book Club

The next meeting of the book club is on 7th December at Colin McKone's home. The book is Snowdrops by A D Miller.

RansomWare Warning

There are some very nasty pieces of Virus-like software doing the rounds right now. They go by the generic name of RansomWare because they hold the infected PC user to ransom, sometimes for quite large sums of money. The most prevalent is CryptoLocker. To quote from Wikipedia:

Ransomware comprises a class of malware which restricts access to the computer system that it infects, and demands a ransom paid to the creator of the malware in order for the restriction to be removed. Some forms of ransomware encrypt files on the system's hard drive (**cryptoviral extortion**), while some may simply lock the system and display messages intended to coax the user into paying.

There are some protective programs around. To see an authoritative page on this topic, Google "Ransomware" and scroll down to the entry for Microsoft Malware Protection Center for details and advice.

In general, if you don't recognise the sender of an email, DON'T OPEN IT.
