Funding Matters

Our District Grant has been spent on an Apprentice Training Course in South Sudan. International has applied for District Designated Funds to complete our funding for Leuven's Joint Pentangular Project in the Congo. The Committee is planning another District Grant application to fund a local Ethiopian Midwifery Project run by the local HealthCare Ethiopia Trust.

WARNING – More Email Phishing Scams

Several Club members have been taken in lately by emails purporting to come from people they know (e.g. other club members) and especially from Banks, which may say that your account has been compromised and has been suspended. The emails usually contain a link that they ask you to click on to go to a website on which you are asked to provide validation, such as your Account number, etc. and even tell you to change your password, which you faithfully type in (then they have it).

Banks **NEVER** do this. If you feel brave and have a PC with a mouse pointer (don't do this on an iPad!) just **hover** the pointer over the link (**DON'T CLICK IT**) and you will usually see the web address of the spurious website indicated in the lower left hand corner of your screen. It happened to me last week and the fake HSBC link pointed to a dodgy website in China: [jdhengyuan dot com/](http://jdhengyuan.com/) After forwarding the email to phishing@hsbc.com I just deleted it.
