

ROTARY CLUB OF CANTERBURY **MINI GROUP STUDY EXCHANGE (MGSE) 2022**

WHAT IS MGSE

One of the objects of Rotary is: "The advancement of international understanding, goodwill and peace through a world fellowship of business and professional persons united in the ideal of service".

The Rotary Club of Canterbury has established contact Clubs in four European Countries: France (St Quentin), Belgium (Leuven), Germany (Lüdenscheid) and Holland (Leiden). The Clubs meet each year by rotation in one of the five countries in the spring and undertake a number of joint ventures. The group is known as The Pentangular Group.

One of the benefits of our Pentangular Group is that we arrange for two young people from Canterbury to meet with two people from each of the four member Clubs in one of the five host cities for a week. The purpose is to learn more of each other and their countries and again to establish friendships, which often last for many years after the brief week together.

WHERE AND WHEN WILL IT TAKE PLACE IN 2022?

This year the ten selected young people from these five countries will meet in St Quentin, France, Holland between Saturday 27th August and Saturday 3rd September.

WHAT DOES IT COST?

The event costs the participants nothing other than their personal spending money. The Rotary Club of Canterbury contributes directly to the registration and participation costs.
